MATCH PLAY, LINEUP EXCHANGE, and DEFAULTS

1. Players participating in a league match must be registered in TennisLink prior to participation. Points earned by un-registered players may be reversed. (Singles League - In the event that any player should register for this league subsequent to the release of the current year-end computer ratings, that player shall use the new year-end rating.)
2. Team captains should exchange scorecards simultaneously with a completed line-up prior to match time.
3. Matches should begin promptly as scheduled with a ten minute warm-up allowed. The permitted 10 minute warm-up includes serves.
4. There is a fifteen minute default rule in effect for all scheduled matches. An individual default occurs when a player(s) fails to appear properly clothed, equipped and ready to play within 15 minutes of the scheduled match time.
5. For a five court match, a maximum of two courts may be defaulted. For four court and three court matches, only one court may be defaulted. If a team cannot field all positions in a team match, they must default beginning at the bottom of the scorecard and work upward.

Please see state regulations for further information concerning the penalty for a complete match default.

6. In the spirit of good sportsmanship and fair play, a team should be advised by its opponent of a known default prior to match time. Notice of a default is a courtesy, but is not a requirement.

7. In the event of illness, injury, disqualification, or no-show of a player prior to the start of an individual match (once the lineup has been exchanged), a team may substitute a player in the affected position within the 15 minute default time using a player not already listed in the lineup. If a team cannot field all positions in a team match, they must default beginning at the bottom of the scorecard and work upward.

Exception: Any position may be defaulted in a tri-level match, but only position may be forfeited per match in order for the match to be considered valid.

8. Incomplete matches that impact the outcome of 1st-3rd place shall be completed by the date specified by the LLC. Failure to complete scheduled matches may result in the loss of the security deposit as well as other sanctions.

9. Teams not completing all matches are not eligible to advance beyond local play.

COURTS AND EQUIPMENT

1. The Home Team will furnish courts that are in safe playable condition and new balls approved by the USTA.

2. Court surfaces should be the same for all team matches unless mutually agreed upon by the team captains. If the court surface is agreeable, the Home Team Captain must let the Visiting Team captain know 48 hours in advance which position(s) will be played on what type of surface(s).

3. The Home Team Captain should confirm the match date and time by contacting the Visiting Team Captain at least two days prior to the match.

4. If only four courts are to be used for the team match, the match will be played as follow: #1 Singles, #2 Singles, #1 Doubles, and #2 Doubles to be played first with the #3 Doubles to follow on the first available court unless both captains agree on a different schedule of play for the team match.

SCORE REPORTING

1. Captains should confirm scores with each other at the time of the match

2. Scores must be reported in TennisLink within 48 hours of the completed match.

3. Either captain can report the scores.

4. Team captains should confirm that scores have been entered correctly

5. If a team match has not been reported within the 48 hours of match completion, then LLC will contact the captains.

6. If for any reason the scores cannot be reported, the LLC should be contacted.

7. For rescheduled matches, the match date entered shall be the actual date that the match is completed, not the scheduled date.

8. After 48 hours, TennisLink will automatically confirm the score entry and scores/players will stand as entered.

9. Corrections to scores reported in Tennislink shall be made by the LLC only after a team captain utilizes the dispute scores feature in

Tennislink and both captains confirm the inaccuracy.

RESCHEDULING MATCHES

Captains will be allowed up until the start date of each league to make any changes to their match dates and times scheduled at the Captains'

Meetings.

1. After the start date of the league, captains may only reschedule matches for the following reasons:
 - a) Rain or severe temperatures (40 degree or below). Wind chill (below 40) is a factor for severe temperatures.
 - b) Significant weather events in the North Central area such as a tornado warning/watch that would impede travel for one or both teams involved. Gusty winds generally do not constitute a significant weather event and should not be viewed as a reason to reschedule.
 - c) A team does not have enough players to field a full lineup to the max NTRP as a result of a USTA function.
2. In the event that inclement weather occurs during play, completed matches will stand as played.
3. Incomplete matches must resume with the same players at the exact set, game and point that existed when play was halted.
4. In the event that rain or inclement weather forces the cancellation and rescheduling of a team match, substitutions may be made in any individual matches that had not begun.
5. Points awarded for defaults during the original lineup exchange will stand. All players involved in such defaults cannot participate in the rescheduled match.
6. Verbal defaults offered prior to the original written lineup exchange are nullified when the match is rescheduled due to rain or inclement weather.
7. A scheduled match shall not be cancelled due to inclement weather until three hours prior to match time.
8. In event that a match is cancelled due to weather, captains shall make a good faith effort to make up the match within two weeks of the originally scheduled date.
9. Once captains agree on a rescheduled date, time and location, the match must be played unless inclement weather occurs.
10. Captains should get the rescheduled match details in writing.
11. If teams cannot agree on a rescheduled date, the LLC will choose a time, date and neutral location.
12. Rescheduled or postponed matches must be reported to the LLC in a timely manner.

DETERMINATION OF LEAGUE WINNER

The team with the most team wins will be the league champion and advance to the State Championship. In the event of a tie, USTA procedures shall govern as follows:

1. Team with most individual match wins.
2. Winner of the head to head match.
3. Team with fewest sets lost.

4. Team with the fewest number of games lost.
5. A method to be determined by the Local League Coordinator.
